

Installation Requirements

Incoming water

Connections	Male R15 (1/2")
Flow, hot and cold	9 liter/min each
Pressure interval, hot and cold	3 bar - 10 bar each
Temperature interval, cold	4°C - 30°C
Temperature interval, hot	40°C - 70°C
Hardness interval	3°dH - 10°dH

Electrical requirements

Electrical supply, one-phase	230 VAC / 50 Hz / 16 Amp
Power usage, one-phase	Typical 2.5 kW / max 3.7 kW
Residual-current circuit breaker	Required

Communication

Remote access	WiFi 2.4 GHz
Internet connection	Required
